Remote AI Trainer
11/2024 – present | San Francisco, United States

🎓 EDUCATION

Bachelor's degree in Electrical and Electronic Engineering
Gezira College of Technology
2014 – 2019 | Khartoum, Sudan
Department of Telecommunication provided me with a unique perspective on how communication systems and networks operate, inspiring my curiosity about data processing and the potential of computational models to enhance connectivity and system performance.

📑 CERTIFICATES

Bs.c of Telecommunication Engineering
Second class / Division one

Networking Diploma

🧠 SKILLS

Technical Skills: ●●●○○

Programming Languages: Proficient in JavaScript.
Frameworks and Technologies: Experience with Node.js, Express.js, and NestJS.
Backend Development: Strong expertise in building and maintaining server-side applications, API integration, and ensuring system security.
Database Management: Skilled in managing databases such as MongoDB and PostgreSQL.
Software Development Tools: Knowledge of development tools and version control systems.

Areas of Interest:
- **Artificial Intelligence**:
- **Cloud and Distributed Systems**
